In the Specification:

On page 1, prior to line 3, please insert the following heading and paragraph:

--Cross Reference to Related Applications

This application is for entry into the U.S. national phase under §371 for International Application No. PCT/IB03/05468 having an international filing date of November 27, 2003, and from which priority is claimed under all applicable sections of Title 35 of the United States Code including, but not limited to, Sections 120, 363 and 365(c), and which in turn claims priority to UK application 0315286.7 filed on June 30, 2003 and UK application 0229477.5 filed on December 18, 2002.--

On page 6, please amend the paragraph beginning at line 9 as follows:

-- According to a second aspect of the present invention there is provided a computer program product having program code stored on a readable medium so that ~~which~~, when executed by data processing apparatus, causes the data processing apparatus to perform a method of announcing sessions transmitted through a network.

On page 18, please amend the paragraph beginning at line 28 as follows:

-- One solution to the problem is to split the session directory and divide transmission of the ESG accordingly. Description of the session directory is transmitted by sending two types of session announcements one for describing the full session directory and another for describing an updated session directory, as will now be described in more detail:

Split Session Directory-First Example

Referring to Figures 8 and 9, a first embodiment of ~~asession~~ a session directory 28,28' according to the present invention is shown before and after an update respectively.--
